Please Note:

These dates will pose as potential work days depending on how many sign up.

The details of the tasks could change due to seasonal affects on listed crops (i.e. weeding corn on a day that says "weeding 50' beds").

We will contact you if the entire task changes or the date has been canceled or postponed.

The help needed/signed up column will indicate, by the right-most number, whether a session has filled up (i.e. a full session will say 8 / 8). Please check before requesting a date.

If you do not wish, or are unable, to do any of the listed task please see the individual volunteer opportunities or contact us.

Thank you for your dedication and support.
